

FRANKLIN COUNTY CRIMINAL JUSTICE ADVISORY BOARD

June 23, 2016

Meeting Minutes

Jeremiah Zook, Judge	Matt Fogal, DA	Jennifer Wenzel
Cori Seilhamer	Ian Brink	Jeff Diller
April Brown	John A. Hart	Mark Singer
Dan Hoover	Bob Thomas, Commissioner	Kurt Hoffeditz
Lionel Pierre	Teresa Beckner	Kim Eaton
Karri Hull	Janelle Friese	Christy Unger
Mike Christopher	Johanna Balascio	Dave Keller, Commissioner
Aimee Cook	Kathleen McGrath	Shalom Black
Carrie Gray	Bill Bechtold	Julia Lehman
Angela Krom, Judge	Michelle Weller	
Dianne R. Kelso	Larry Pentz, MDJ	

- I. Welcome and Introductions** – The meeting was called to order by Commissioner Keller at 12:11 PM and introductions were facilitated. Chief McGrath introduced Johanna Balascio, Probation Support Manager from Fairfax County, VA. Chief Information Officer, Kurt Hoffeditz was introduced. It was his first CJAB meeting.
- II. Approval of minutes of April 28** – The minutes were approved by consensus.
- III. New Business** – None.
- IV. Presentation: *Pennsylvania Youth Survey 2015 Data***, Christy Unger, Healthy Communities Partnership (see attached).
- A.** Comm. Thomas inquired if the resulting numbers would be better or worse depending on if more students participated. Christy Unger believes that the data we receive is a snapshot of a more rural population. The survey shows a lot less risky behavior. We would have a more accurate representation of what the county looks like if CASD would change their survey policy. Leaders in both the Courts and County have reached out to the district multiple times.
- B.** Comm. Keller thanks HCP for continuity in the County for fostering pro-social behavior.
- V. CJAB Office Reports**
- A. Approval of CJAB Office Updates** –
1. Reentry planning grant funding has ended and the Reentry Coalition has been established. The County awarded SCCAP funding to coordinate the Coalition. The contract for this will begin on July 1st. A Reentry Summit was held in May and had approximately 170 attendees.
 2. RSAT funding has been awarded to provide Vivitrol and MAT in the jail.
 3. Treatment (Drug) Court funding will be awarded with program plans to be up and running by January 1.
 4. The Justice Assistance Grant will be submitted tomorrow. Funding will begin January 1 if it is received. The application is for an Intensive Reentry Case Management program designed to collaborate services for around 10 female inmates on the ‘no home plan’ list. This plan will be modeled after Lancaster’s RMO collaborative services model.

B. PCCD Liaison Report –

1. Karri Hull reported the continued availability of mini-grants which are technical assistance grants for \$1500 each through PCCD for work of CJAB.
2. The DOC issued a funding announcement for a Pilot MAT program.
3. PCCD contracted with the University of Pittsburgh's Program Evaluation and Research Unit (PERU) to provide technical assistance to counties to battle opioid epidemic. PERU is willing to provide assistance regionally around the state.
4. A CJAB Reentry Workshop with Myrinda Schwitzer Smith will be held on September 27, 2016.
5. The CJAB conference will be on April 4 – 5, 2017 at the Penn Stater.

C. Public Safety Report – no report.

VI. Committee Reports

A. Executive – No additions.

B. Criminal Case Flow Management – Mark Singer reported that there was much discussion regarding D&A evaluations. Probation is in charge of Court Reporting Network (CRN) evaluations and discussed what is needed to have them completed. Shortly after the meeting, a memorandum was released that stated a date of July 1st for evaluations needing to be complete prior to sentencing.

C. Behavioral Health – Cori Seilhamer reported that BH is working toward making services mobile. Eight outpatient providers are working toward walk-in appointments, coming within the next year. These vendors would be accessible to a mobile unit if during office hours.

D. First Contact – Lionel Pierre stated that we have received the PCCD reports on fingerprint compliance and are reviewing the reasons why compliance is not met. This will be discussed at the next First Contact meeting.

E. Technology – No additions.

F. Victims Impact – No additions.

G. Juvenile Justice – Chief McGrath reported that the Asst. Superintendent for CASD, Cathy Dusman, attended the last meeting and will be part of the JJ Committee. She will be bringing other representatives from CASD to the next meeting. The committee is focusing on the resources we have, looking at gaps in resources, and figuring out a way to make resources more available. The Youth Aid panel in Waynesboro is going well. We will partner with Shippensburg University to further the youth aid panel.

H. Forensic Initiatives – Dr. Eaton stated that the main topic of May's meeting was a proposal for a possible inmate parenting course. The committee is currently collecting information on inmates eligible to participate. We will discuss feasibility in our July meeting. We continue to monitor New Hope Shelter which houses 10 residents on average. New Hope is also looking to open a female shelter called Esther House in August.

VII. Announcements – Comm. Thomas stated that there was a press conference in Cumberland County Prison this morning announcing a senate bill, with support of the Governor and legislature, that would enable Medicaid suspension versus termination for incarcerated.

VIII. Adjournment – The meeting adjourned at 1:12 PM.

**NEXT MEETING: THURSDAY, AUGUST 25, 2016 AT NOON
JURY ASSEMBLY ROOM**

2015 PENNSYLVANIA YOUTH SURVEY (PAYS)

Franklin County

ChambersburgCares

BUILDING TOMORROW, STARTING TODAY

*Healthy Communities
Partnership*SM

Greater Franklin County

WHAT IS PAYS?

- **Surveys 6th, 8th, 10th, and 12th graders**
- **Conducted every two years**
- **Surveys students' behavior, attitudes, and knowledge concerning alcohol, tobacco, other drugs, and violence.**

HOW IS PAYS USED?

- Survey results provide an important benchmark for ATOD use and delinquent behavior
- Survey assesses risk factors and protective factors
- Data is used to determine prevention and intervention needs
- Data is used to obtain grant funding

PARTICIPATION NUMBERS

of Students Participating

Year	County	State
2009	1,170	16,899
2011	2,103	24,016
2013	2,632 (46.8%)	200,622 (69.5%)
2015	2,762 (48.7%)	216,916 (70.4%)

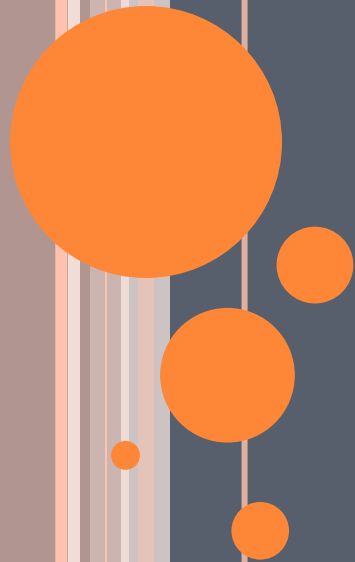

SURVEY UPDATES IN 2015

Additional topics

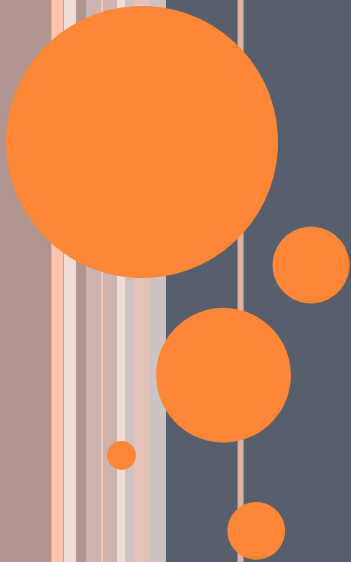

- E-cigarette, vaping questions

Refined questions

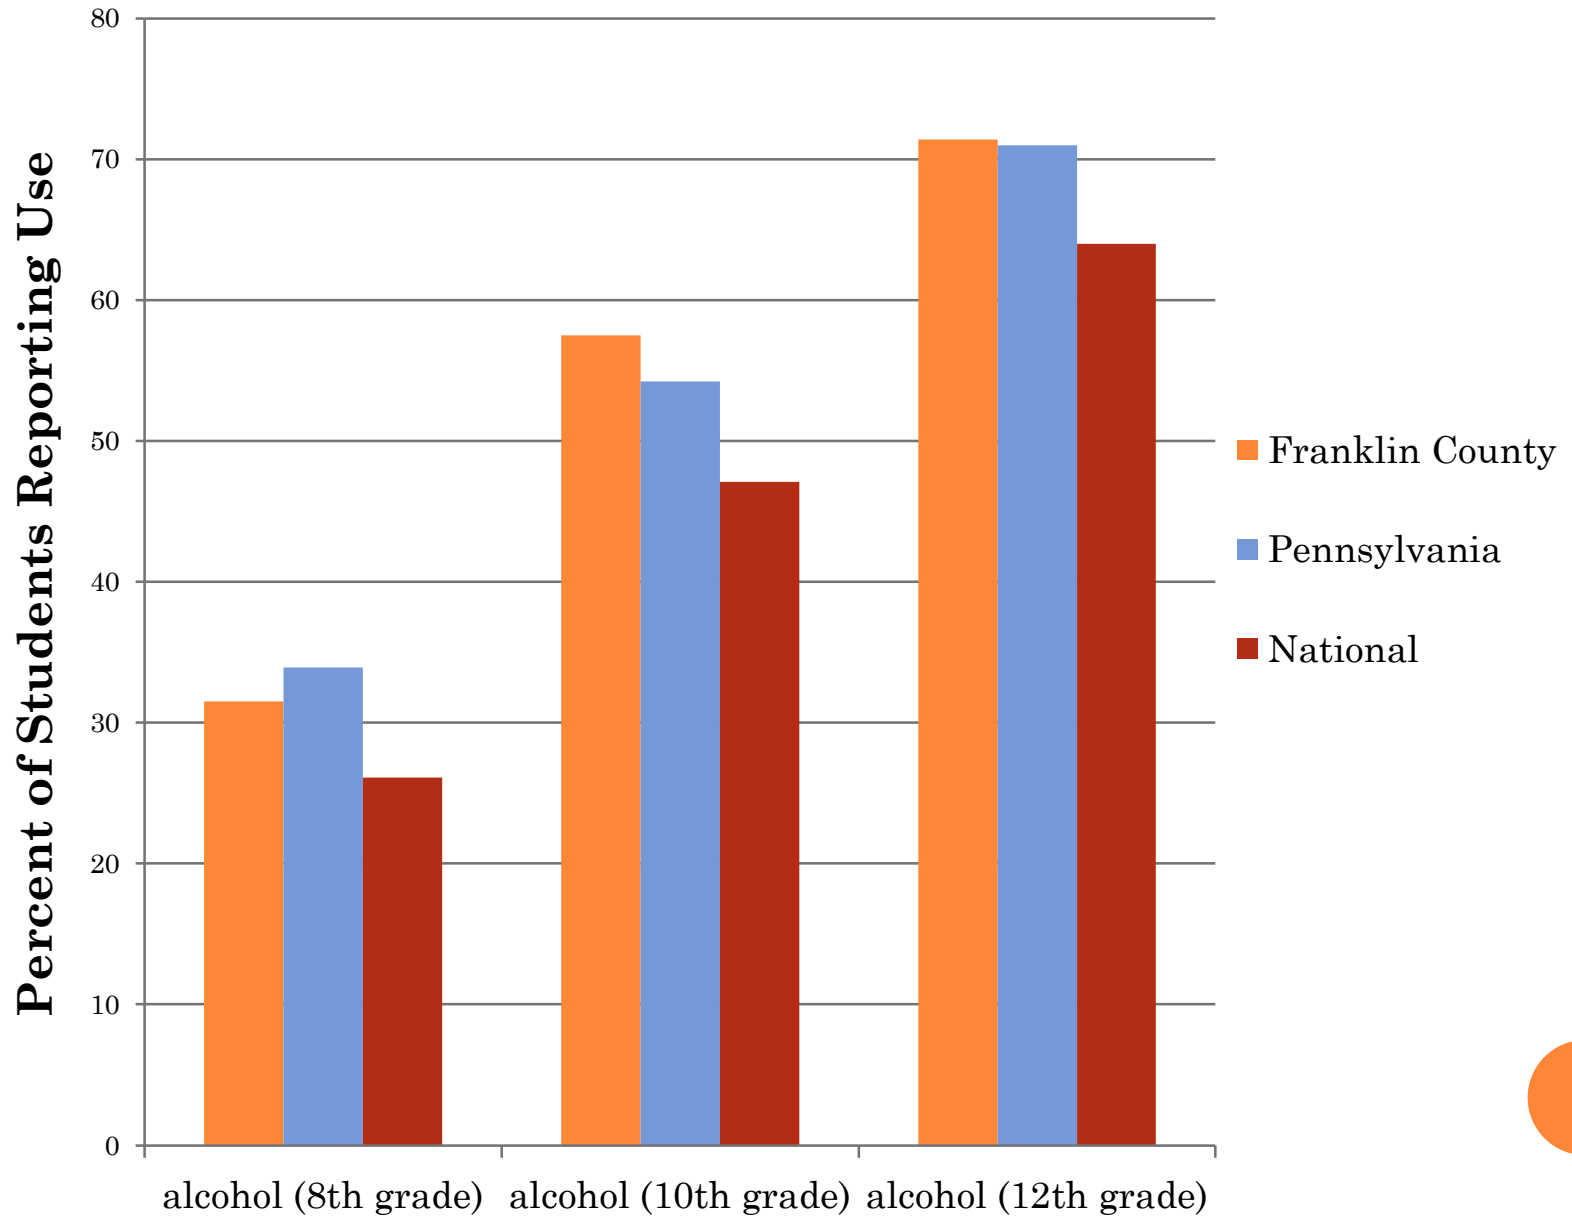

- Sources for alcohol and prescription drugs

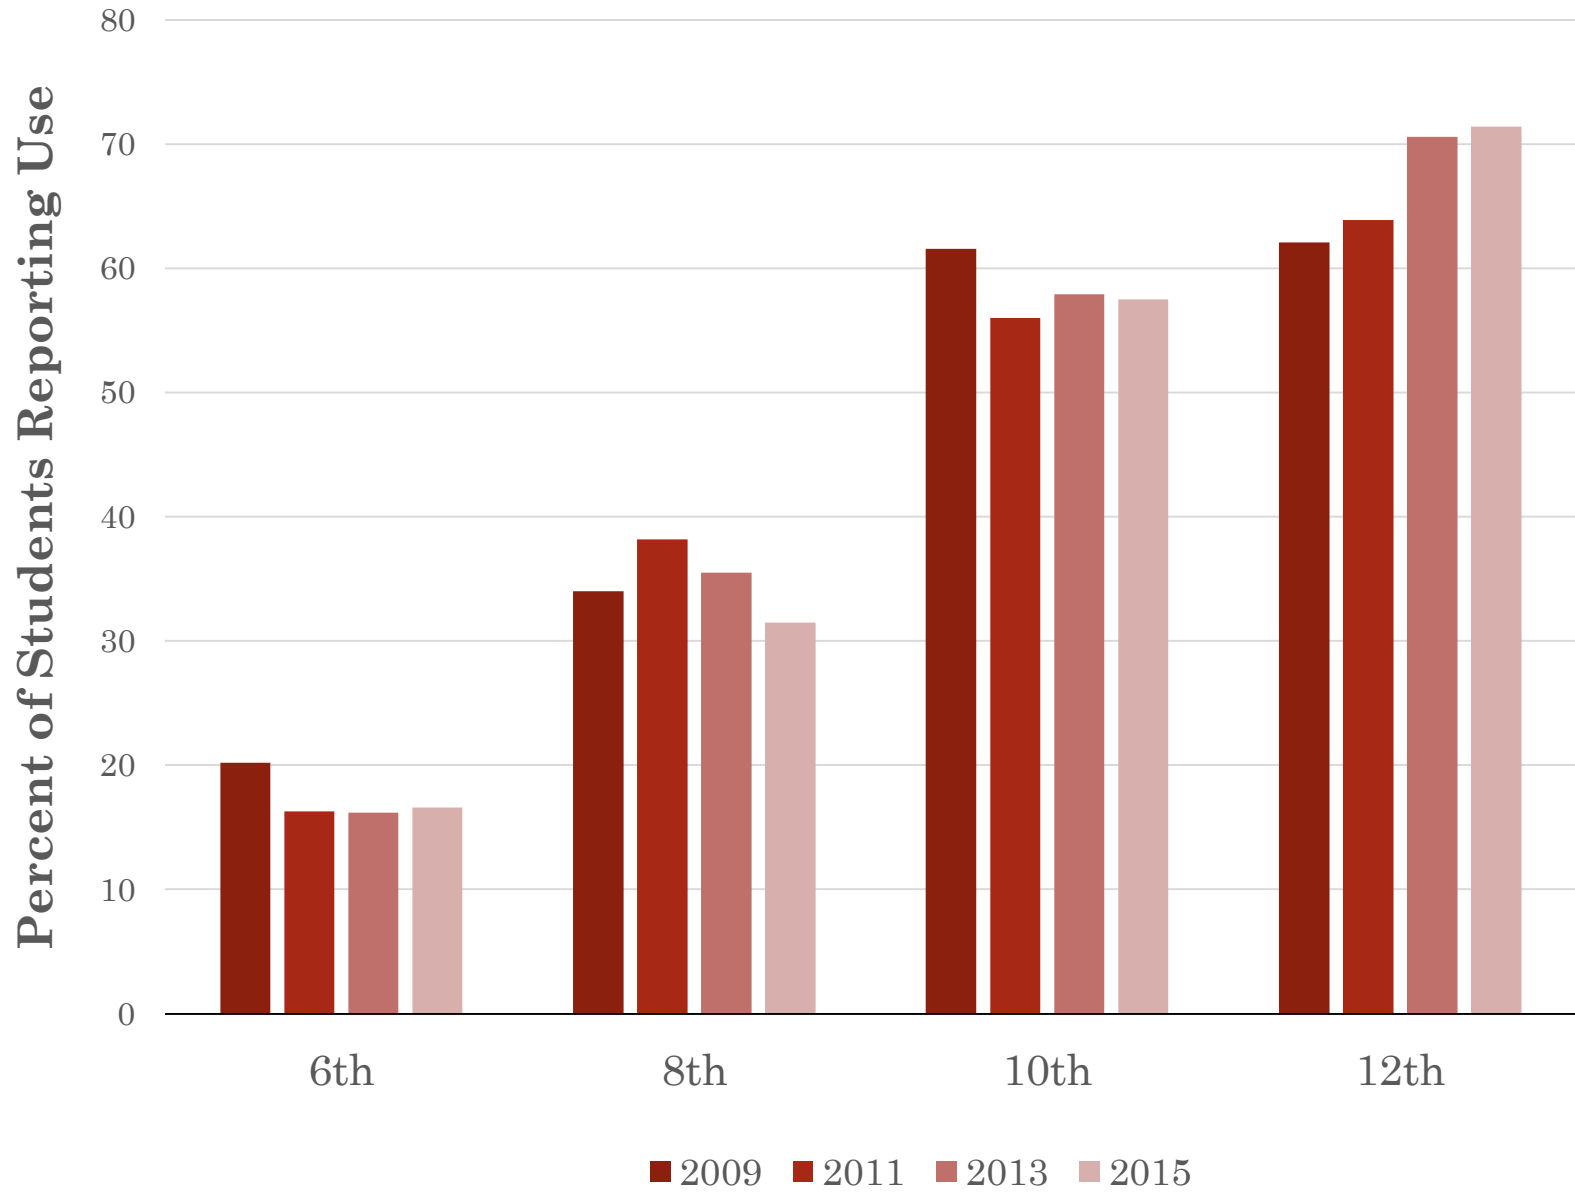

**ALCOHOL, TOBACCO AND
OTHER DRUG (ATOD)
LIFETIME USE**

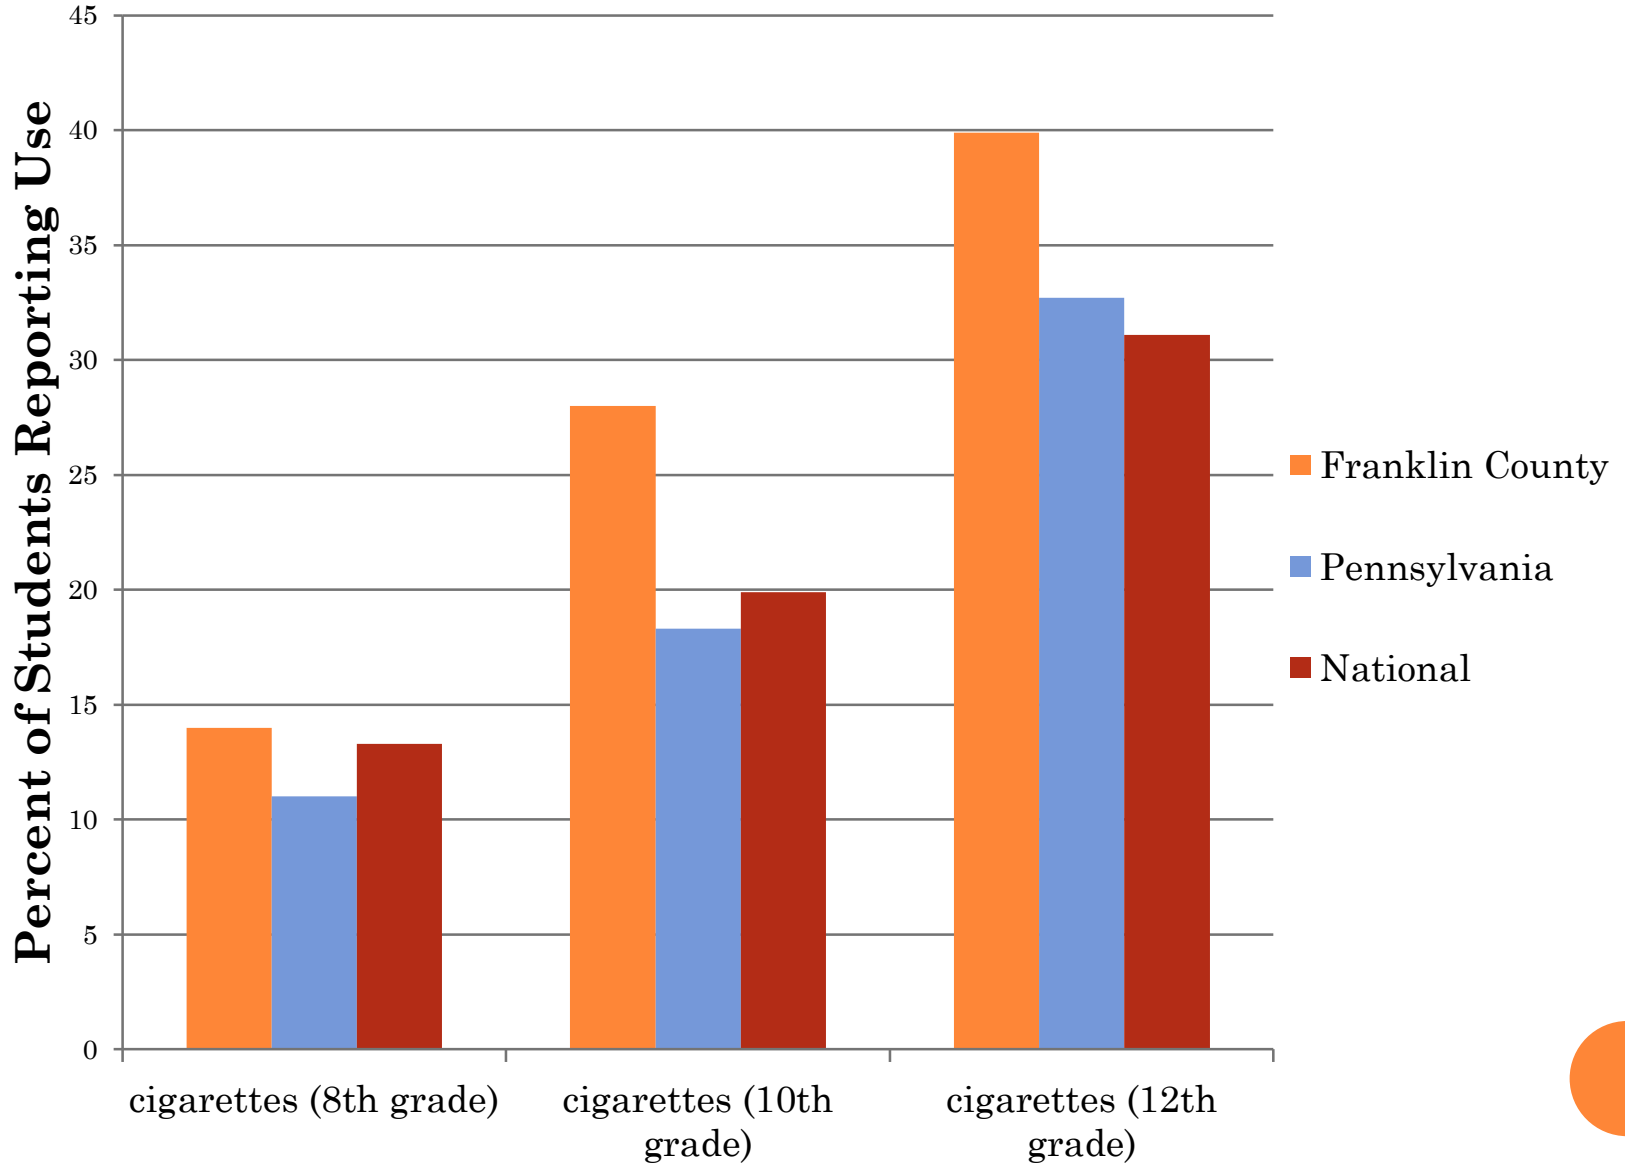

Average Lifetime Alcohol Use

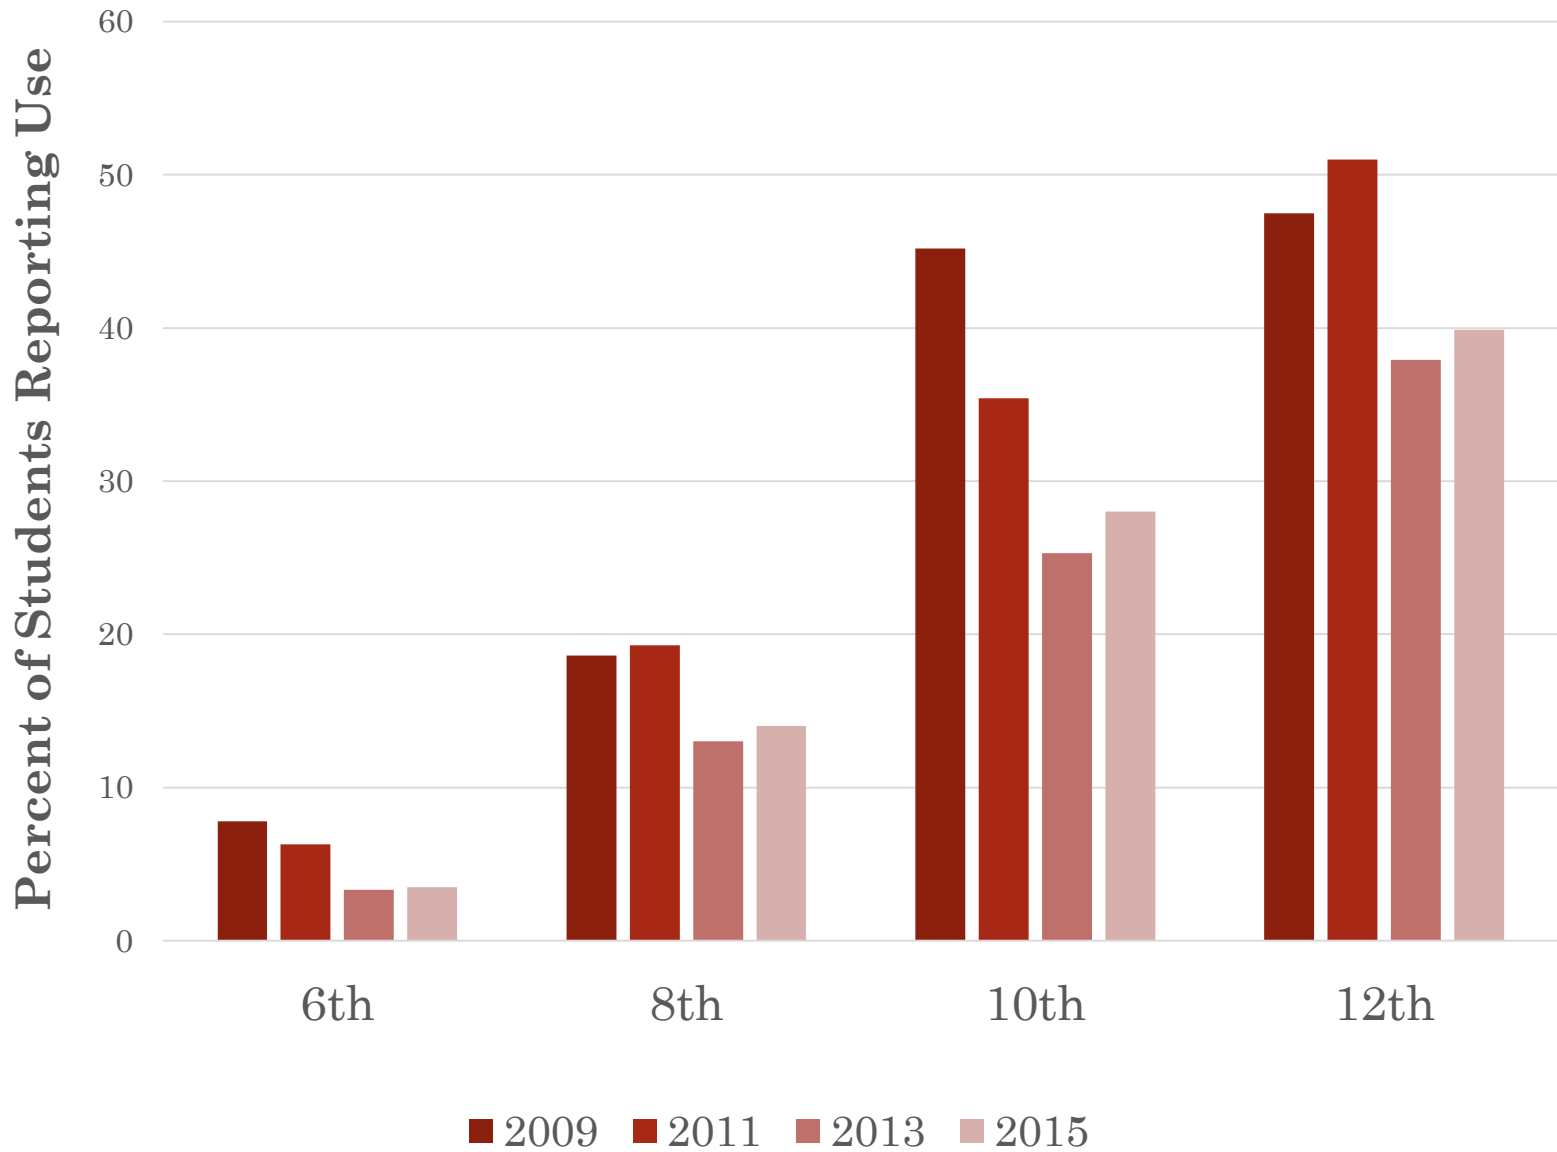

Lifetime Alcohol Use in Franklin County

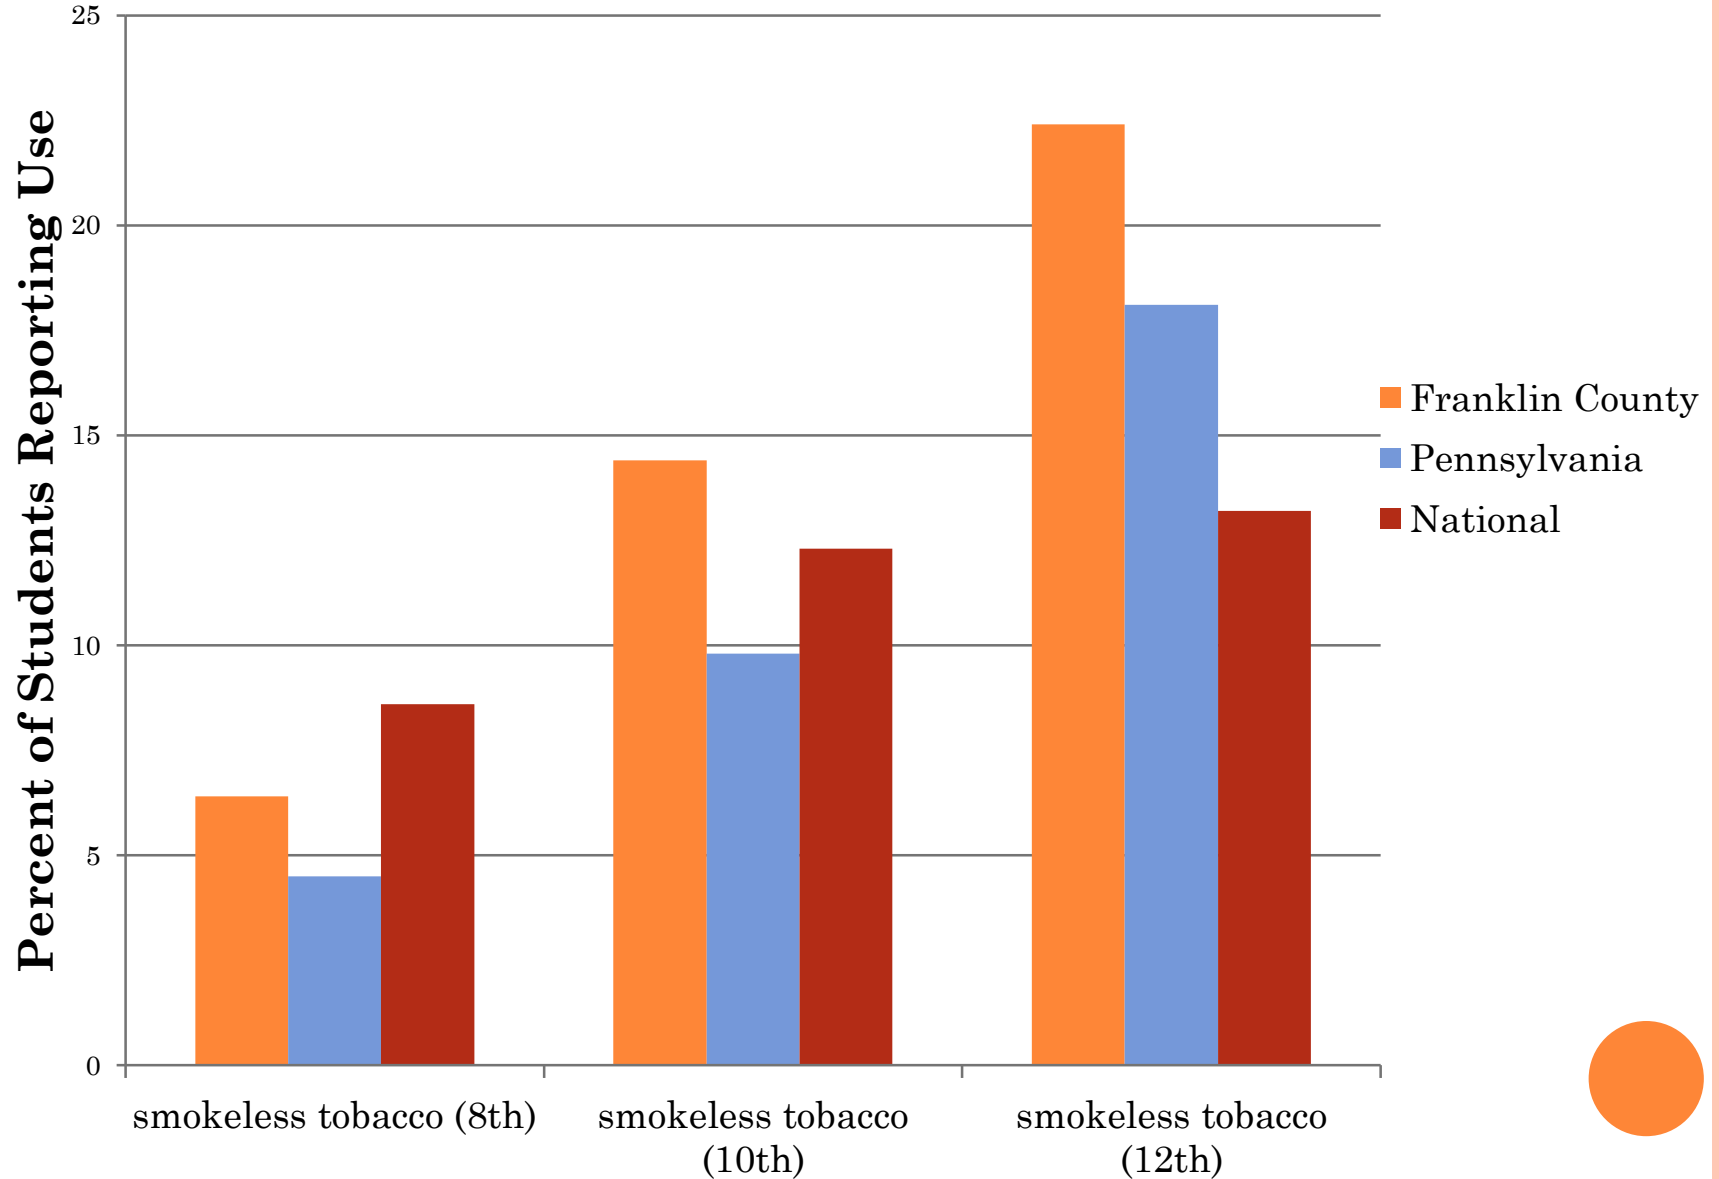

Average Lifetime Cigarette Use

Average Lifetime Inhalant Use

Lifetime Inhalant Use in Franklin County

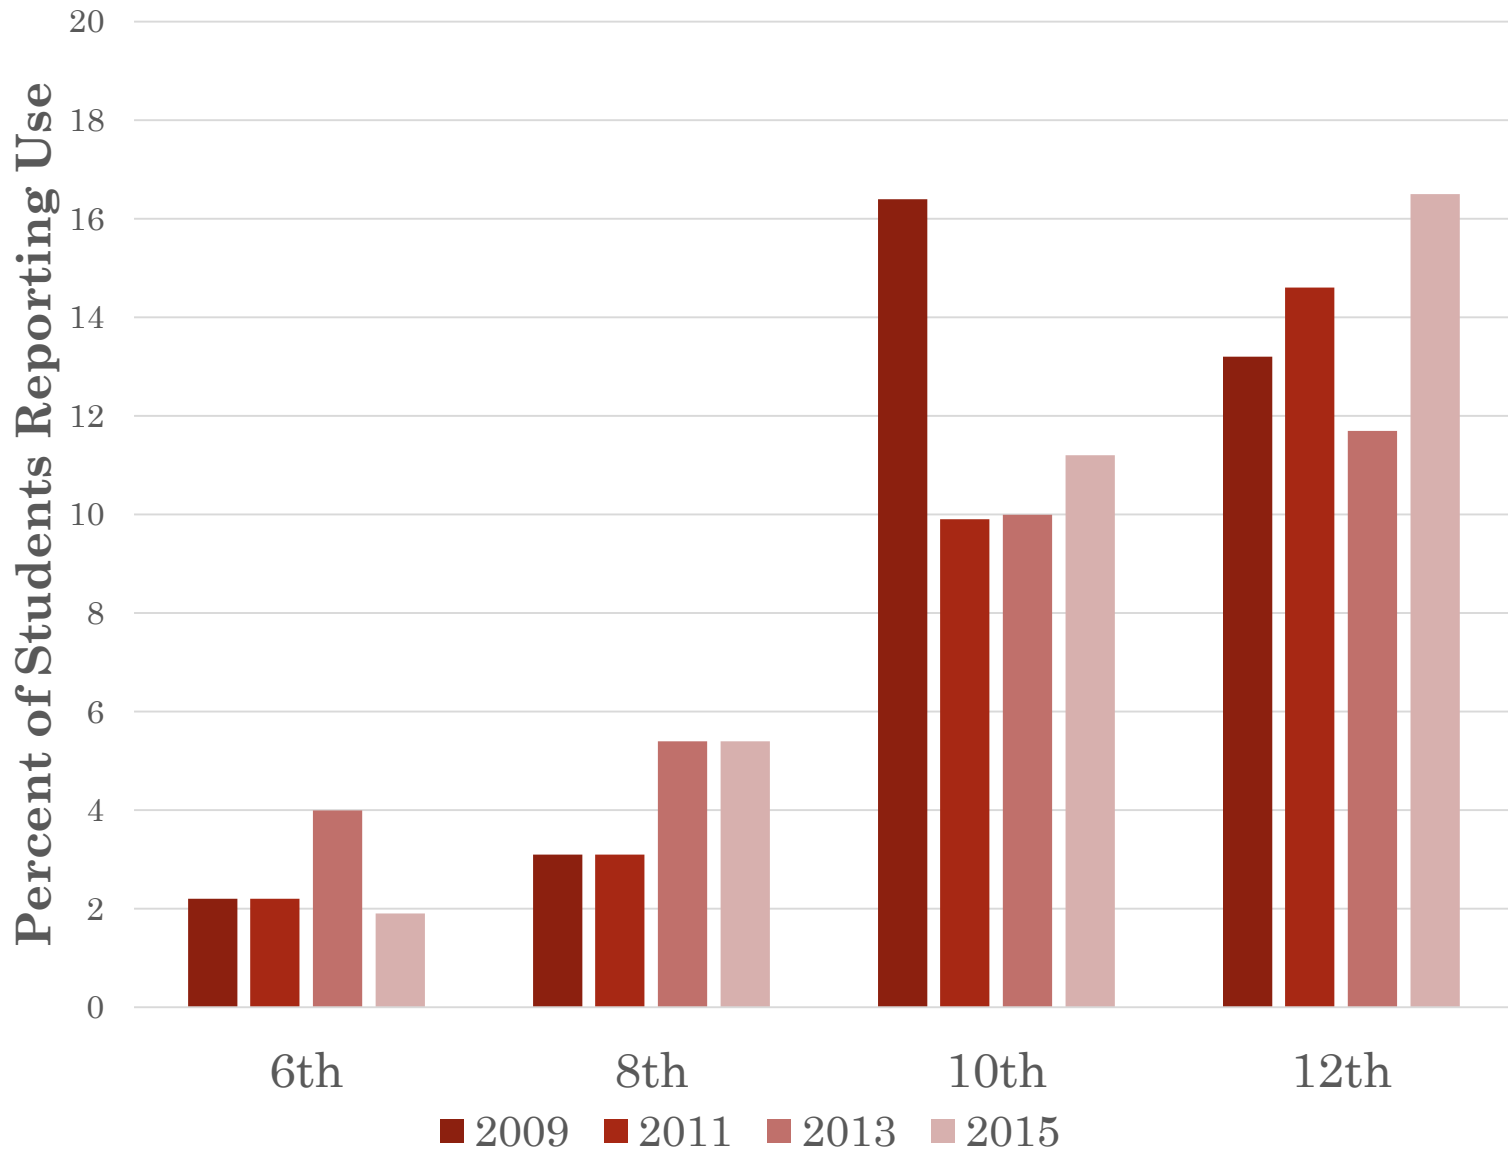

Average Lifetime Narcotic Use

* National data is taken from 2014 Monitoring the Future for 8th, 10th grades and from 2015 Monitoring the Future for 12th grades

Lifetime Narcotic Use in Franklin County

ACCESS TO SUBSTANCES

- **Sources of Alcohol**

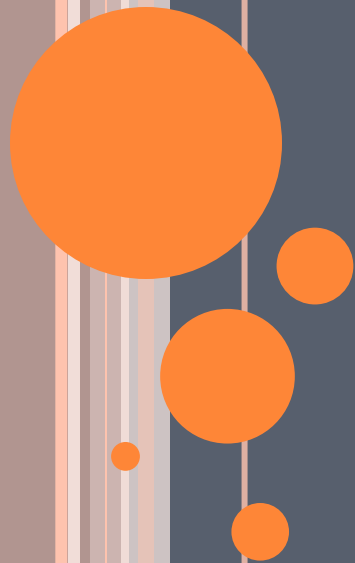

- Parents or friends' parents
- Friends or siblings
- Took it without permission

- **Sources of Prescription Drugs**

- Took them from family member in home
- Friend or family member gave to me
- Took from someone related to me who does not live in my home (6th grade)
- Bought them from someone (12th grade)

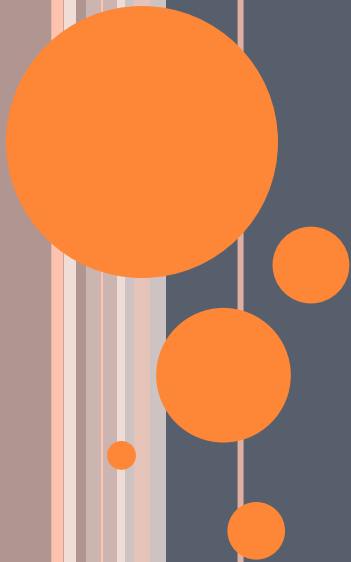

EASE OF ACCESS

- **Percent of students reporting it is “sort of easy” or “very easy” to access prescription drugs**
 - 9% of 6th grade students
 - 24% of 8th grade students
 - 34% of 10th grade students
 - 48% of 12th grade students

EASE OF ACCESS

- **Percent of students answering “NO!” or “no” that they would not be caught by police for drinking**
 - 39% of 6th grade students
 - 58% of 8th grade students
 - 77% of 10th grade students
 - 86% of 12th grade students

Considered Suicide

Planned Suicide

PROTECTIVE AND RISK FACTORS

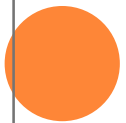

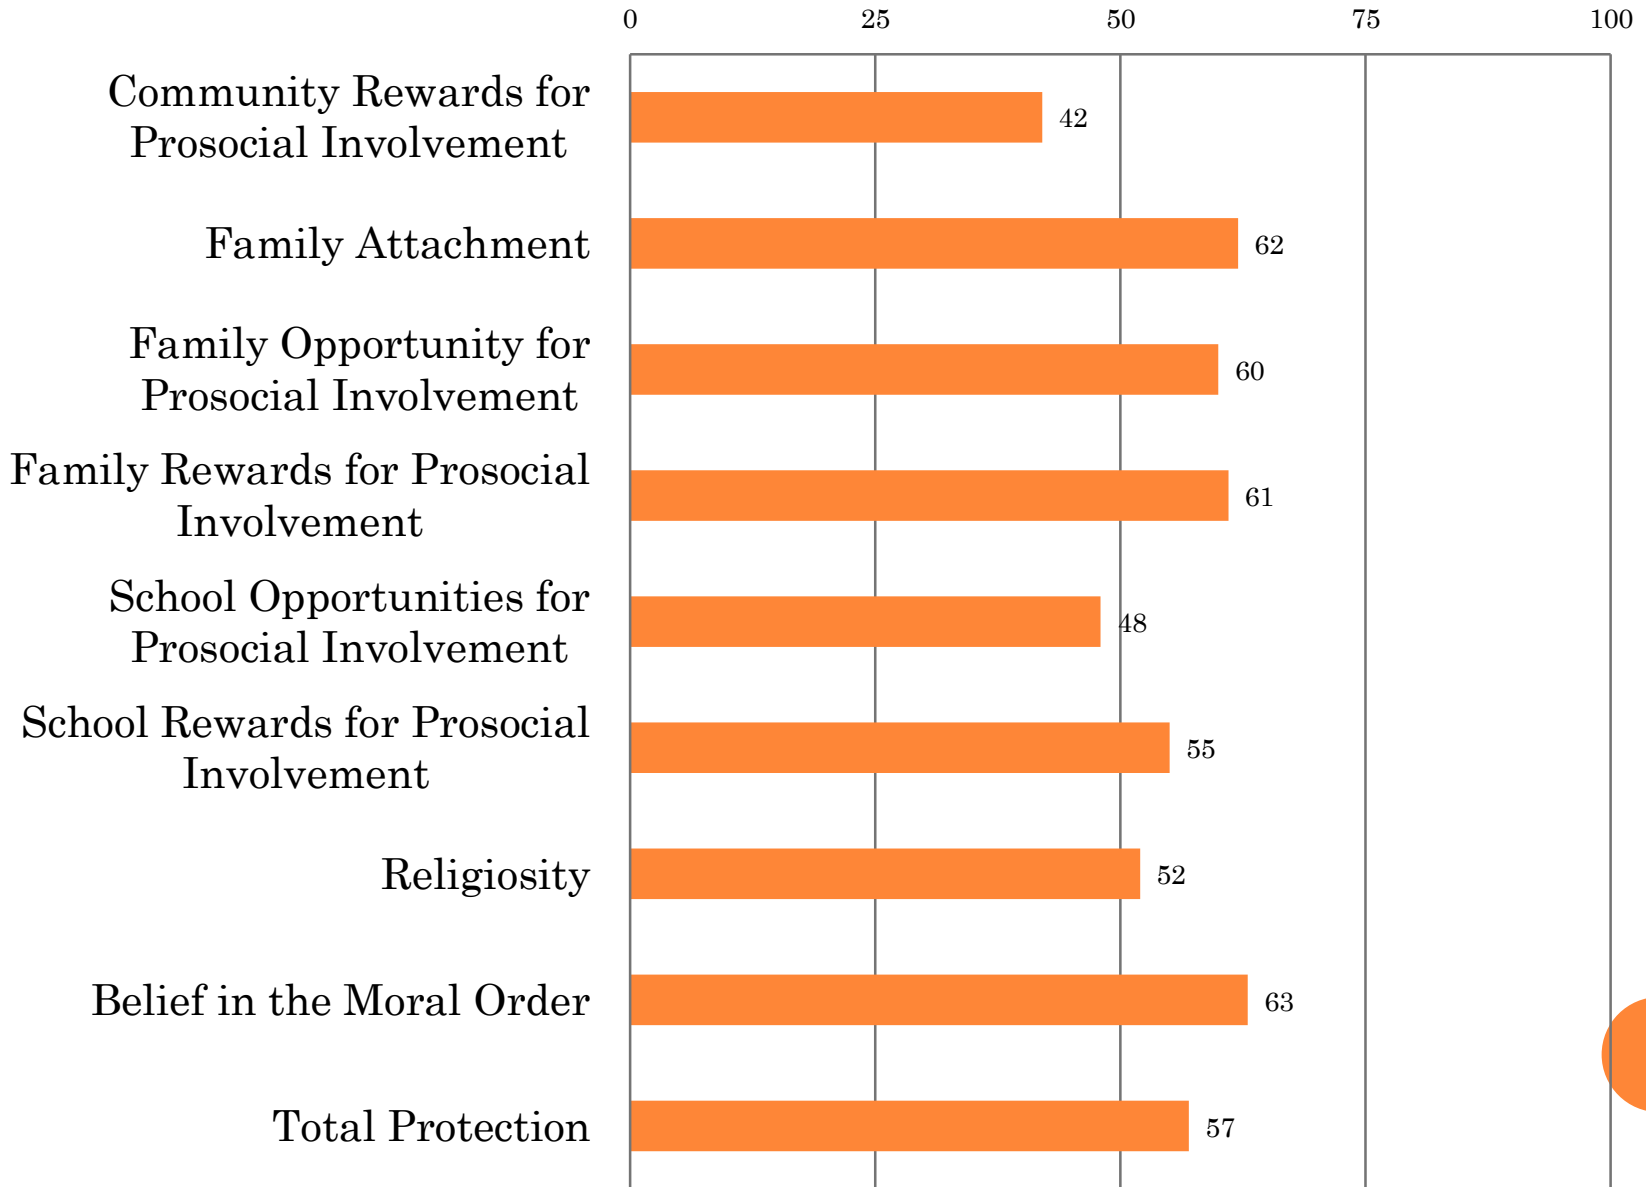

<u>Community Domain</u> Risk Factors	Substance Abuse	Delinquency	Teen Pregnancy	School Drop-Out	Violence	Depression & Anxiety
Low Neighborhood Attachment	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	
Perceived Availability of Drugs	<input checked="" type="checkbox"/>				<input checked="" type="checkbox"/>	
Perceived Avail. of Handguns		<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	
Law & Norms Favorable To Drug Use	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	
<u>Family Domain</u> Risk Factors						
Family History of Antisocial Behavior (ASB)	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Poor Family Management	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Parental Attitudes Favorable To Drug Use	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	
Parental Attitudes Favorable To Antisocial Behavior	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	
Family Conflict	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

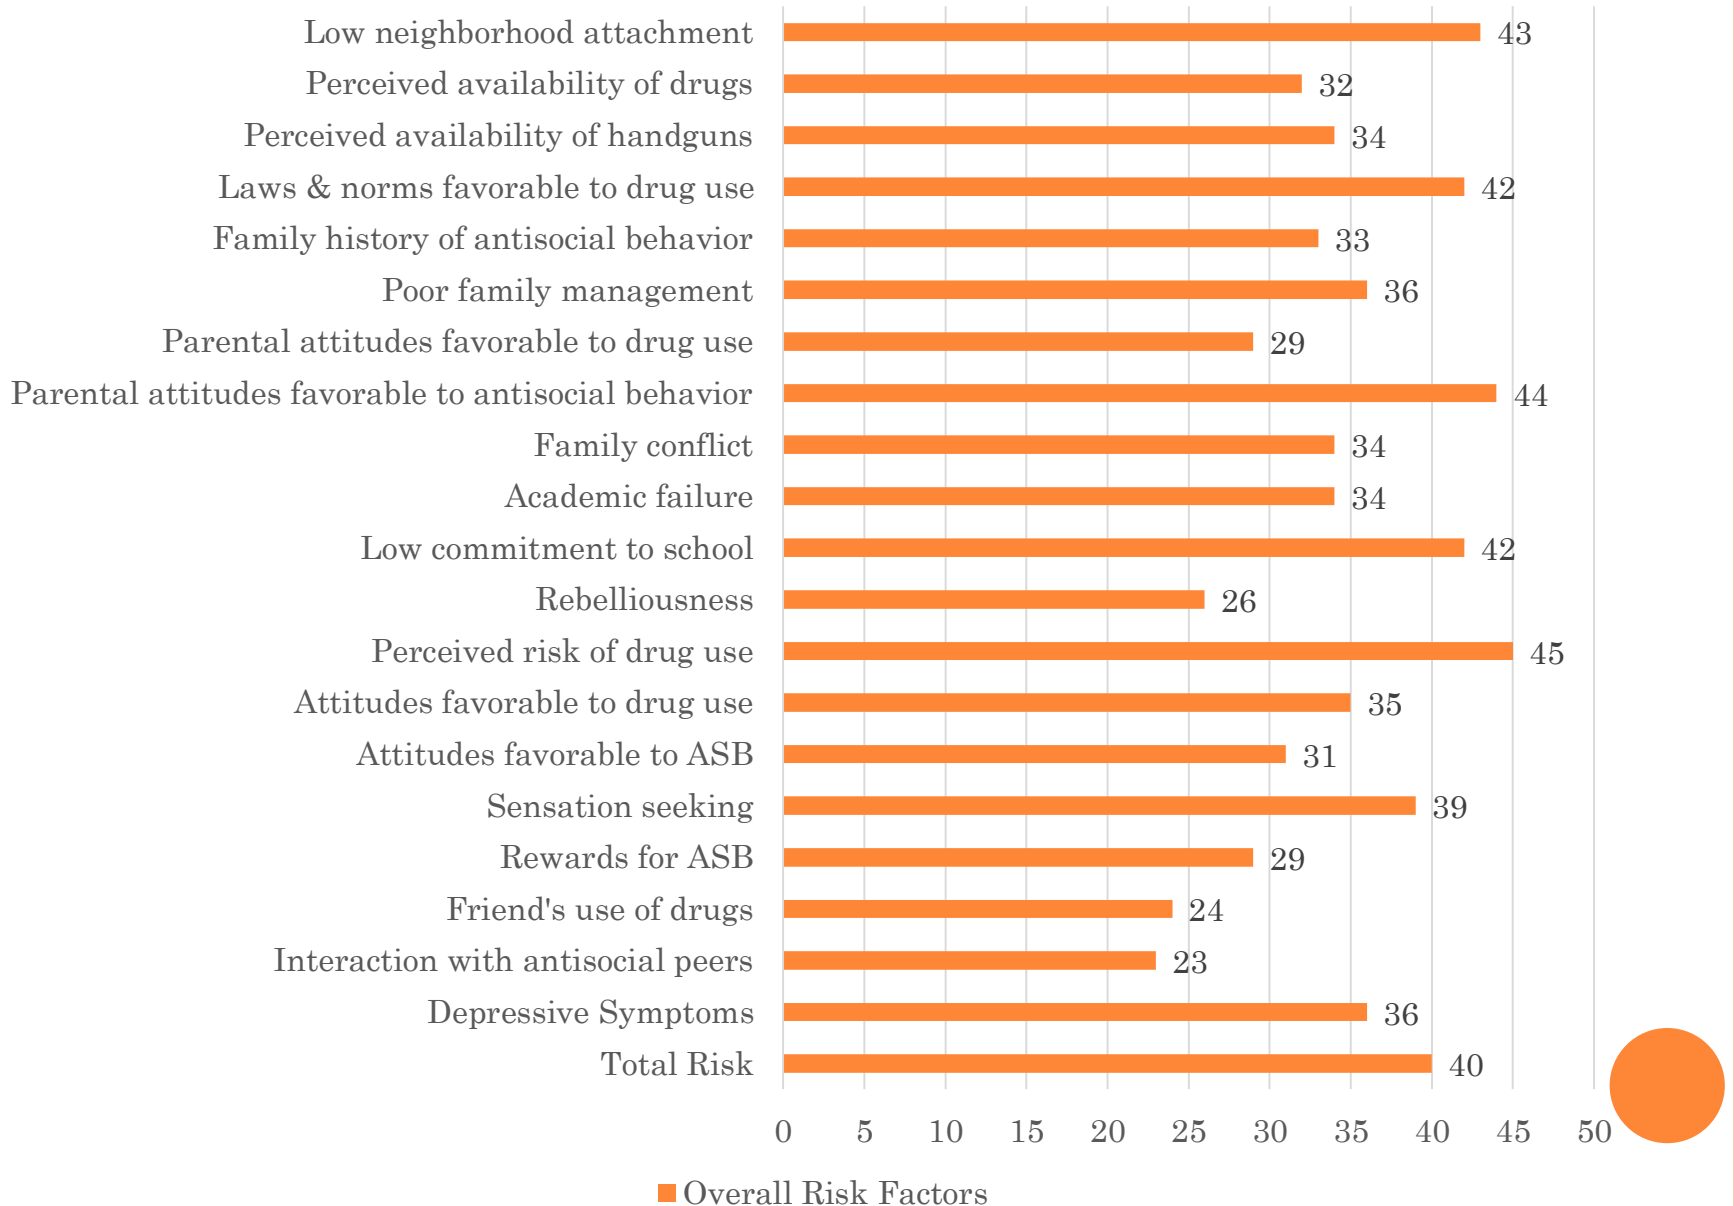

<u>School Domain</u> Risk Factors	Substance Abuse	Delinquency	Teen Pregnancy	School Drop-Out	Violence	Depression & Anxiety
Academic Failure	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Low Commitment to School	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
<u>Peer-Individual Domain</u> Risk Factors						
Rebelliousness	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Gang Involvement	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	
Perceived Risk of Drug Use	<input checked="" type="checkbox"/>				<input checked="" type="checkbox"/>	
Attitudes Favorable To Drug Use	<input checked="" type="checkbox"/>				<input checked="" type="checkbox"/>	
Attitudes Favorable To ASB	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Sensation Seeking	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Rewards for Antisocial Behavior	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Friends' Use of Drugs	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Interaction with Antisocial Peers	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	
Depressive Symptoms	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>				<input checked="" type="checkbox"/>

Overall Protective Factors

Franklin County

Overall Risk Factors

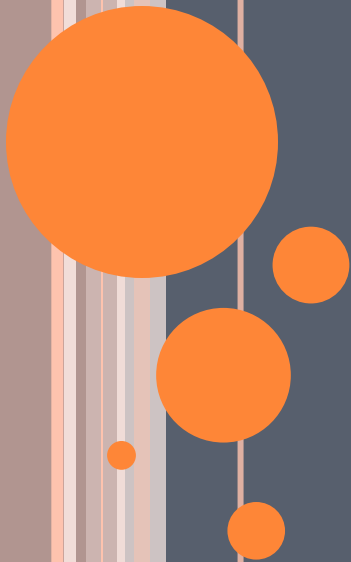

THE GOOD NEWS

- Students report high belief in the moral order
- Students report friends' use of drugs and interaction with antisocial peers is low
- Students report rebelliousness low

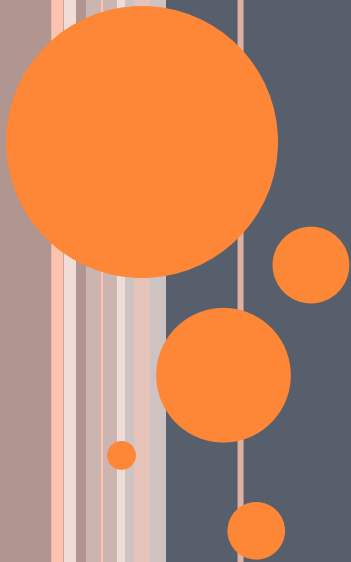

THE NOT-SO-GOOD NEWS

- Cigarette and smokeless tobacco usage are higher than state average
- Prescription drug usage is increasing in high school students

MORE NOT-SO-GOOD NEWS

- **Students report few community rewards for prosocial involvement**
- **Students are at risk in large numbers due to: laws & norms favorable to drug use, perceived risk, parental attitudes favorable to antisocial behavior, low commitment to school**

NOW WHAT???

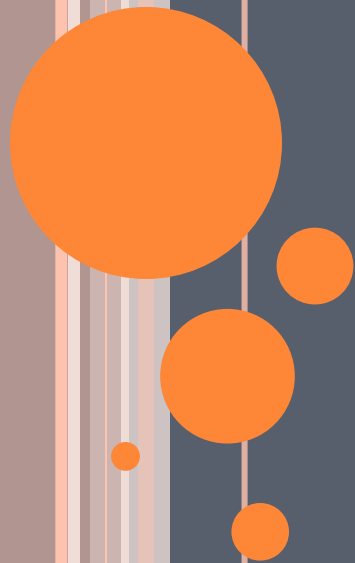

Communities That Care (CTC) approach

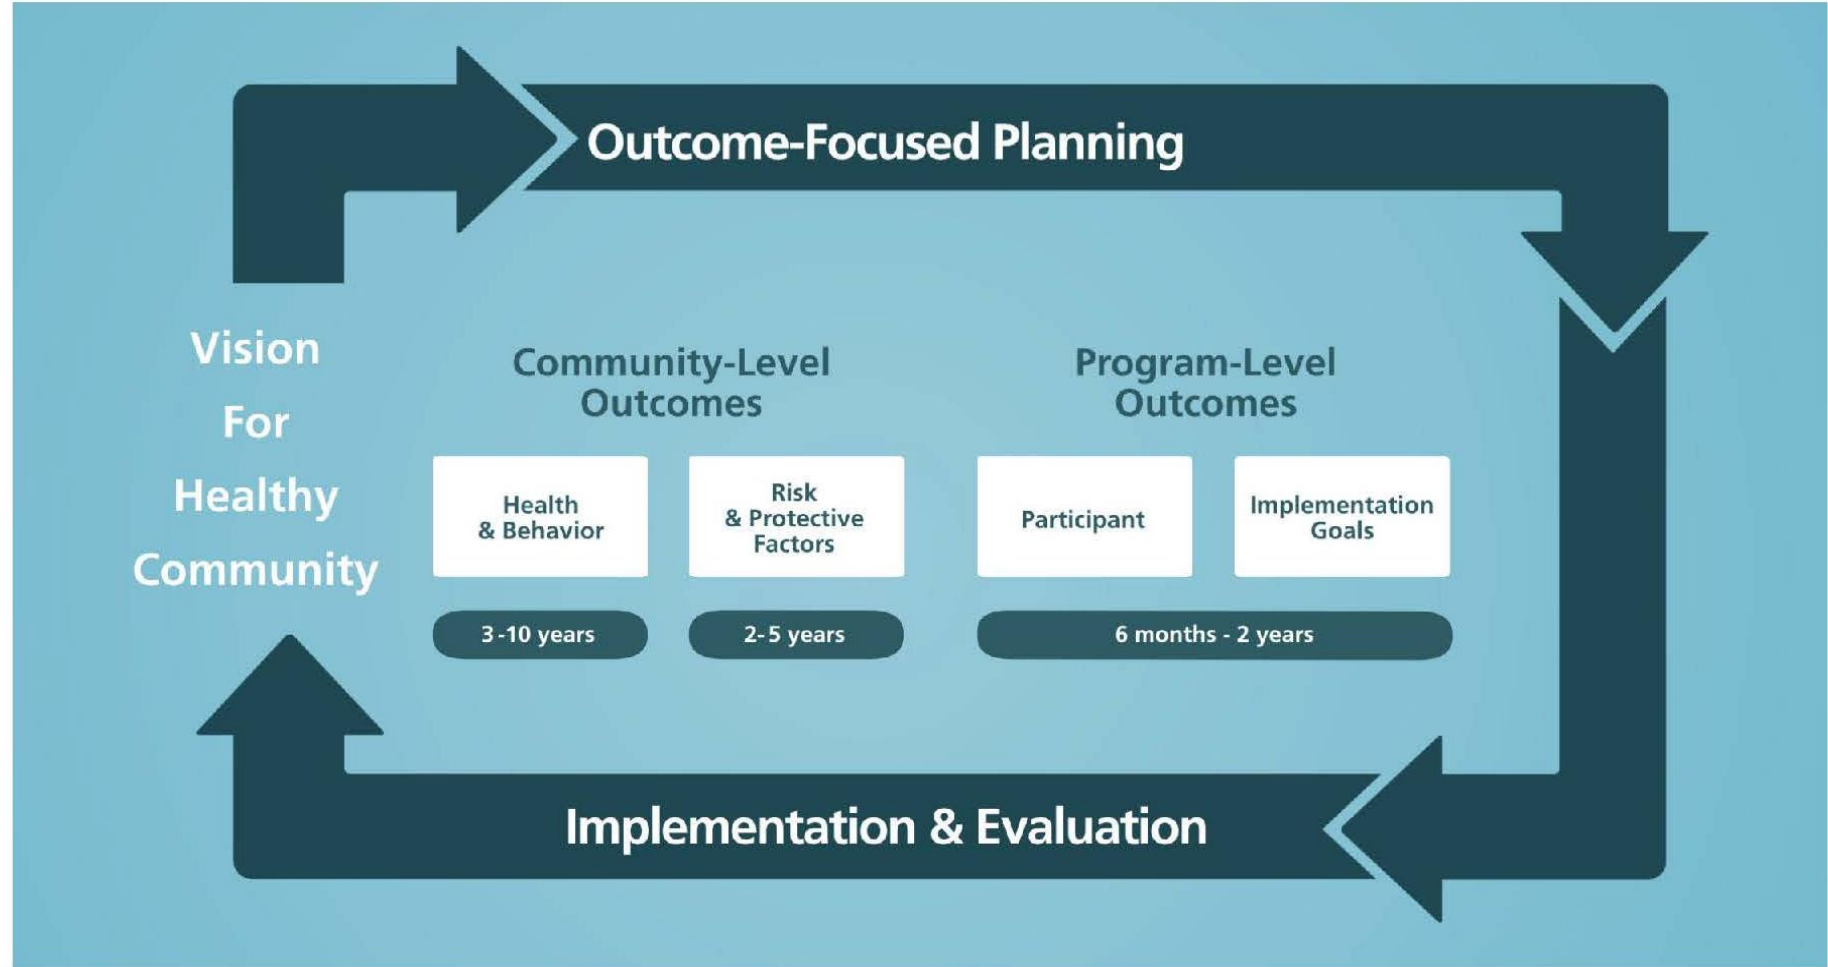

The CTC prevention system activates and trains local coalitions of stakeholders to select and faithfully implement evidence-based prevention programs targeting community-specific elevated risks for adolescent problem behaviors.

COMMUNITIES THAT CARE

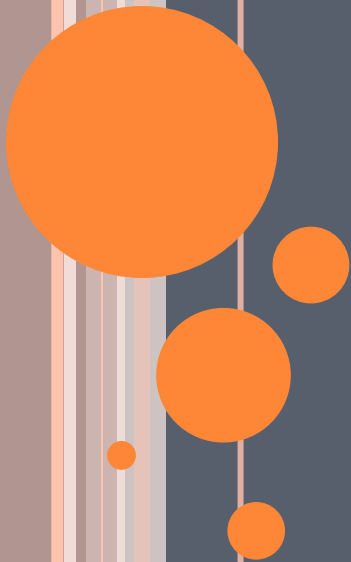

CTC helps communities prevent problems before they develop. Many see dramatic reductions in levels of youth alcohol & tobacco use and crime & violence.

COMMUNITIES THAT CARE EFFECTIVENESS

- **Communities That Care returns \$5.30 for every \$1 invested by preventing youth tobacco use and delinquency**
(University of Washington, Social Development Research Group, 2011)

COMMUNITIES THAT CARE

EFFECTIVENESS

- **Communities That Care significantly reduces substance use, delinquency, and violence**
 - 32% more likely to have abstained from any drug use
 - 31% more likely to never have used gateway drugs (alcohol, cigarettes, marijuana)
 - 31% more likely to have abstained from alcohol use
 - 13% more likely to have abstained from cigarette smoking
 - 18% more likely to never have committed a delinquent act
 - 14% less likely to ever have committed a violent act

(University of Washington, Social Development Research Group, 2014)

NEXT STEPS

Focus on removing risk and creating protective factors in our communities and address root causes of problem behavior

Continue to support evidence-based programs that have been rigorously evaluated (Blueprints)

Ensure the survey continues to be widely implemented in Franklin County

GET INVOLVED IN PREVENTION COALITIONS!

Join a group that focuses on community involvement. Support families and youth by encouraging them to access needed resources and services.
