

Support the Chambersburg Area School District (CASD) Autism Awareness Walk!

The 3rd CASD Autism Walk will be held on April 1, 2016 from 10:00am-2:00pm at the Chambersburg Area Senior High School Edwin Sponseller Track and Field Complex. The goal for this event is to raise community awareness and support local students with autism and their families. All funds raised during the walk will directly support the CASD autism support classrooms as well as students with autism attending CASD. This year's funds will be utilized to provide additional training opportunities for teachers in the area of autism, to provide experiential learning for our students with autism in the form of swim lessons and other adaptive therapy sessions, as well as educational materials and resources for students and staff.

This event is a wonderful opportunity for your business to gain exposure while helping to raise autism awareness in our local community.
