OSI was founded in 1957 through the efforts of Franklin County Easter Seals, Franklin County Association for Retarded Citizens, and the Chambersburg Civitan Club.

OSI offers comprehensive vocational rehabilitation programs to individuals with disabilities from Franklin, Fulton, and adjoining Counties. Over 150 individuals with disabilities are served annually in OSI's programs.

Programs are designed to help determine a person's work skills and work potential. Counselors, work instructors, and job coaches assist individuals in learning positive work habits and new skills. Individuals are trained on jobs that are commensurate with their abilities and are able to receive earnings for work completed. Those enrolled in OSI programs are funded by Franklin/Fulton MH/ID, PA Office of Vocational Rehabilitation, area school districts, Franklin County United Way, bequeathals, and donations.

Individuals interested in community employment may receive services to assist them in finding competitive employment and in learning the new job. These services are funded by Office of Vocational Rehabilitation or Franklin/Fulton MH/ID.
