FOR IMMEDIATE RELEASE

Franklin County Human Services Outreach

October 26, 2015 - CHAMBERSBURG, PA –

Do you know where to turn when you have a problem or concern? Are you aware of the human services that are offered by Franklin County?

Franklin County Human Services provides many different services to our county residents. To improve access to and education on the services offered, Franklin County Human Services has developed an Outreach Program to bring information on our services directly to local area communities. The Outreach team will visit different municipalities monthly for the next 10 months.

October 27th Franklin County Human Services staff will be available from 10 am to 3 pm at the Waynesboro Human Services building, 123 Walnut Street, Waynesboro, to answer questions and to make referrals for services. In addition, the Outreach team is holding a Town Hall meeting beginning at 4:30 pm in the Community Room at the YMCA, 810 E. Main Street, Waynesboro. All are welcome.
