

# Annual List of Obligated Projects

In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which federal highway, bridge, or transit funds were obligated in the preceding program year (October 1 - September 30).

The listing shall include all federally funded projects authorized or revised to increase obligations in the preceding program year and shall at a minimum include the TIP information and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.

The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.
